

Labor Market Talk

Approval of foreign professional qualifications A passage into the German labor market

Dear friends,
Dear interested women*,

This job market talk is organized against the background of the skills shortage that is already beginning to show and the growing numbers of migrant women*. During the talk, the different possibilities and procedures of approval of foreign qualifications will be presented and practical suggestions for the support of women* in this process will be worked out, in order to accomplish accurately fitting placements and integration into the labor market.

The job market talk provides an overview about the preconditions of approval, about professions that can be approved and about the relevant judicial background. Furthermore, necessary steps for procedure of application for approval, possibilities of assistance and cognizance as well as alternatives in case of non-approval will be presented and discussed.

We – as the sub-project „Welcome to Berlin“ in the IQ-network Berlin – in cooperation with Trixiwiz e.V. and the Otto Benecke foundation e.V. **invite you to a job market talk.**

The event is in English and free of charge.
